

PROGRAM		
Moderators	Speakers and topics	Time
<b>Moderator:</b> <b>Dr. Tulga Ulus</b>	<b>Opening (Benito Novas)</b> CEO and founder Global Stem Cells Group Director of Public Relations of ISSCA	08:50-09:00
	<b>Dr. Daeyong Kim</b> CEO of N-Biotek, Inc, a preeminent manufacturer of biomedical and laboratory equipment. President of International Society for Stem Cells Applications. <b>Lecture:</b> In recognition to the enormous potential of stem cell research, stem cells have proven to be powerful tool in modern biomedical research	09:00-09:30
	<b>Dr. Maritza Novas</b> Research and Development Director of Global Stem Cells Group <b>Lecture:</b> Fundamentals of stem cell biology and clinical applications	09:30-10:00
	<b>Dr. R. Gökmen Turan</b> FESC (Head of the Structural Heart Disease in Department of Internal Medicine, Division of Cardiology, Porz Hospital, University Hospital of Cologne and University of Witten/Herdecke) <b>Lecture:</b> Therapeutical Applications of Stem Cell in Heart Failure	10:00-10:30
	<b>Coffee Break</b>	10:30-10:50
<b>Moderator:</b> <b>Dr. A. Yaser Müslümanoğlu</b>	<b>Dr. Mehmet Bozkurt</b> Chairman of Plastic Surgery at Health Science University in Istanbul <b>Lecture:</b> The application of regenerative cells in immunologic and diabetic wounds and severe burns.	10:50-11:20
	<b>Dr. Mahir Mahiroğulları</b> Chairman of the Department of Orthopedic Surgery at Istanbul Medipol University School of Medicine. <b>Lecture:</b> Cartilage treatment with the scaffold combined to stem cells.	11:20-11:50
	<b>Dr. Leslie Mesen</b> Medical Director of Stem Cell Center Costa Rica Chief Medical Officer of the Stem Cells Transplant Institute in San Jose, Costa Rica <b>Lecture:</b> Mesenchymal stem cell procedures for healing large foot ulcer. Clinical Case.	11:50-12:20
	<b>Lunch</b>	12:30-13:30
<b>Moderator:</b> <b>Dr. Adil Allahverdiyev</b>	<b>Dr. Mehmet Veli Karaaltın</b> Associate Professor of Plastic Aesthetic & Reconstructive Surgery, (European Board Certified), Hand Surgery Specialist, Head & Maxillofacial Surgery Specialist. <b>Lecture:</b> The role of cellular therapy & futuristic applications in plastic reconstructive surgery: from anti aging-to-reconstructive surgery, Level evidence IV	13:30-14:00
	<b>Dr. Syed Salman Naeem Gilani</b> CEO and Stem Cells / Regenerative Medicine Consultant Member American Academy of Anti Aging and Regenerative Medicine <b>Lecture:</b> Effectiveness of Autologous Bone Marrow Derived Stem Cell Transplant, Effect of Autologous Bone Marrow Derived Stem cells treatment on Knee Osteoarthritis.	14:00-14:30
	<b>Coffee Break</b>	14:30-14:50
<b>Moderator:</b> <b>Dr. Güven Erdoğan</b>	<b>Dr. Hilmi Karadeniz</b> Assistant Professor, Department of Orthopedics and Traumatology, School of Medicine, Kemerburgaz University <b>Lecture:</b> Current approaches to Application of Regenerative treatments in Athletes	14:50-15:20
	<b>Dr. AbdulMajeed Alwan Hammadi</b> Consultant hematologist, FRCP London. <b>Lecture:</b> Intra-arterial injection of autologous bone marrow derived mononuclear cells in ischemic stroke patients	15:20-16:50
	<b>Closing ceremony and announcement for further events</b>	16:50-17:10
